Power Tools

Whether you are cutting, grinding, blending or finishing, 3M offers a line of quality air and electric Power tools designed to optimise tool and abrasive performance. Advanced design features increase operator comfort and each tool is balanced for superior results when used with 3M abrasives and accessories from our existing range. All tools are backed by a 12 month warranty and comprehensive servicing arrangements.

3M™ Air-Powered Random Orbital Sanders

- Impressive power-to-weight ratio
- Ergonomically designed for improved operator comfort with different grip sizes for better control
- Precision balanced back-up pad helps reduce vibration for smoother running
- Available with central or self-generated vacuum systems, and large shroud sizing for increased dust extraction efficiency
- Choice of orbit diameter (2.5mm or 5mm)
